CONTRACTORS FOR EXTERMINATING

COCKROACHES

BEDBUGS

WATER-BUGS

ANTS, ETC.

ANTIROACH

Is a powder for the complete extermination of ROACHES, WATER-BUGS and ANTS. This preparation DIFFERS from all others in that it does not drive the pests from place to place, only to return, but draws them from their hiding-places; they EAT the compound and DIE. Therefore we claim any building, no matter how badly infested, can be made as free from these pests as when first built. The application of this powder is very simple: Use an old spoon, apply thick in cracks and crevices where pests are to be found, leaving it from 7 to 10 days. Price: 1 lb., 50c; $\frac{1}{2}$ lb., 25c; $\frac{1}{4}$ lb., 15c. Sold also in bulk.

ANTIBEDBUG

Is a liquid for the extermination of BEDBUGS. A dead sure shot and we positively guarantee one application to rid any building of them. The application is very simple. Pour liquid into an old tin can, take a brush and apply around in corners of bed and spring, also around woodwork, in room that is very badly troubled. Price: $\frac{1}{4}$ pint, 25c; 1 pint, 75c; 1 quart, \$1.00; 1 gallon, \$3.00.

We are prepared to take any kind of building under contract and positively guarantee to rid the premises of all insects or NO PAY.

For sale by all druggists.

MILK

BORDEN'S

PURE, WHOLESOME MILK, PRODUCED FROM HEALTHY COWS

UNDER THE MOST HYGIENIC PRINCIPLES.

MILK: FOOD FOR THE INFANT; NOURISHMENT FOR THE INVALID.

CONSUMED DAILY BY EVERY MEMBER OF YOUR FAMILY.

Borden's Condensed Milk Co. has given the production of pure milk much careful study during the past forty-richest dairy sections, resulting in a system that is unequaled. The cows are examined regularly by competent veterinarians, the sanitary conditions of the barns and surroundings are under the constant supervision of sanitary experts; the manner of caring for the cows and milk and the quality and kinds of food are regulated by the company, thereby insuring a strictly Pure, Wholesome, Clean, Rich Milk. Our wagon passes your door every day delivering Borden's (unsweetened and sterilized) Condensed Milk; Borden's Pure Bottled Milk; Borden's Rich Cream; Borden's Pure Fresh Buttermilk. All Bottled and Hermetically Sealed in the country into Steam Cleaned and Sterilized Jars and Bottles.

GREELEY-CARLSON COMPANY'S NEW ATLAS OF CHICAGO

THE first volume includes the portion between Chicago Avenue and Twenty-second Street, Halsted Street and Lake Michigan, and contains about forty plates, each showing the east half or west half of a quarter-section on a scale of 100 feet to one inch. Each quarter-section has been surveyed, and the measured length of each side noted thereon, so that the surplus above the United States dimensions may be seen.

All subdivisions are shown, with the recorded dimensions of all lots, blocks, streets, alleys, boulevards, etc. The position of right of way of all railroads is given in accordance with deed or act of condemnation.

A separate map shows the public land survey by the United States in 1828, with the meander lines of the lake and the river, and the accretion or erosion since that date.

The plats of all subdivisions made before the destruction of the Archives of Cook County by the great fire of October, 1871, are copied from the collection of tracings from the recorded maps of 1863, by Wm. P. Davie, now in possession of Messrs. Handy & Co., and from the manuscript Atlases made by the same hand, now owned by Messrs. Ogden, Sheldon & Co., and by Messrs. Rees, Pierce & Co., which these gentlemen have kindly placed at our disposal. Much important matter has been obtained from original plats, deeds and abstracts furnished us by private owners. Full marginal notes accompany each plate, giving the description of each subdivision, taken from the deed of the owner, or from the certificate of the surveyor.

Also shows all BUILDINGS, their MATERIAL, number of STORIES, SEWERS, WATER-PIPES, FIRE-PLUGS, STREET NUMBERS, STREET GRADES, etc.

VOL. II. The second volume includes the portion between Twenty-second Street and Thirty-ninth Street, Ashland Avenue and Lake Michigan.

Concentrated Efficiency

That is the "THE CHICAGO" Concentration of Keyboard
Keynote of Concentration of Mechanism
Concentration of Price

The only expansion over other machines is the exclusive good features, of which there are many. C. R. printed matter details them. Send for it or send \$35 to-day for a machine on 10 days' trial. If you are not satisfied, we return your money. But we are sure of your satisfaction, and if you have ever purchased \$100 machines, you'll regret the \$65 profit you gave the makers.
